During the game setup, you may choose to replace up to one stack of student tiles per faculty with an equally sized stack of the new students with a matching faculty symbol. Return all unused student tiles back into the box.

Note: During the player setup, if you choose the setup card 22, 23 or 24, you gain the depicted student even if that student is not on the campus. In that case, get the student from the box.

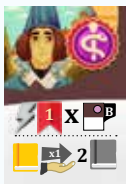

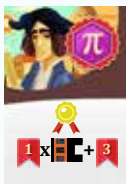

Immediately gain 1 textbook in your player color.
During each income phase, gain 1 textbook in your player color.
Your storage size is increased by 1.

Action space:
Use this space to gain 5 ducats from the supply and one black research step.

Immediately gain 1 prestige point for each of your students in a 'B' lecture hall.
During each income phase, you may discard 1 dictionary from your storage to the supply to receive 2 textbooks of any color.

At the end of the game, gain 1 prestige point for each of your bookshelves that have been flipped to its darker side.
This includes the bookshelf next to your library.
Then, receive 3 more prestige points.
